- 1979-1985** Licence of general surgery
Université Libre de Bruxelles (Brussels, Belgium)

Licensure

- Anatomy** University Diploma of Anatomy
Université Descartes (Rue des St-Pères, Paris 6)
Thesis : Free Lymphnodes Transfers and Ulnaris Flap
- Microsurgery** Diploma of Microsurgical Techniques (C.E.S.) :
Study of the regeneration of the lymphatic ducts after free nodes transplants on the rat (1989)

Titles & Professional Memberships

- Associate professor at Université Pierre et Marie Curie (Paris, France)
 - o Flap courses at Ecole de Chirurgie des Hôpitaux de Paris
 - o Diploma of Vascular Surgery and Lymphatic Surgery at Université Jussieu (Paris) (Since 2011)
- President of the Congress in Lymphology, Paris 2014
- Board of Plastic Surgery (France) 2011
- President of the Group for the Advancement of Microsurgery (GAM) in 2006
- Member of the French Academy of surgery
- Member of the French Society of plastic surgery
- Member of the G.E.M. (European hand and microsurgery group)
- Member of the G.A.M. (advanced microsurgery group)
- Member of the anatomical society of Paris

- Member of the vascular society of Argentina
- Member of the Argentina society of hand surgery
- Honorary professor of the Argentina society of phlebology
- Member of the Brazilian society of the hand surgery
- Member of the Brazilian society of microsurgery
- Member of the Portuguese society of microsurgery
- Member of the European society of the lymphology
- Member of the Sloven society of plastic surgery
- Member of the I.S.E.L. (international society of lymphology)

Occupational History

- Since 2000** Invited Professor in over 20 countries, performing
- Operations on lymphedema
 - Reconstructive surgery
 - Teaching free nodes transplantations
 - Humanitarian missions
- (See full list of assignments in section **Work as an Invited Professor** hereunder)
- 1996-2014** Plastic surgery, microsurgery and lymphatic surgery – in Paris, France
- Since 1996 Clinique Jouvenet (Rue Jouvenet, Paris 16)(part time with brussels activity)
 - plus since 2000 Hopital Européen Georges Pompidou (Rue Leblanc, Paris 15)

Scientific & Clinical Research

- 2014** Stanford USA: firalgin and lymphedema treatment
- 2004-2012** Modifications of the adipocytes in lymphedema, genetic and histologic studies.
Department of endocrinology, INSERM (France)
- 1986-2012** Lymphatic and perforators flaps
Anatomy, Université Pierre et Marie Curie (Paris, France)

- 2006-2014** Study of VGEFC3 after free nodes transfers.
Turku University (Finland)
- 1986**
- o Study of the anatomy of the ulnar artery: cutaneous, muscular and osseous vascularisation, which is dependent to the cubital artery. Description of a new paracubital flap.
Ecole de Chirurgie de Fer à Moulin (Paris)
ULB, Laboratory of Chemistry (Brussels)
 - o Study of neurotrophical factors at the medicine and sciences faculty in Paris, (Nerve and muscle regeneration after axonal division in rats treated with isaxonine phosphate.
Dr A Sebille, Hopital St-Antoine (Paris) and Pr G Graff, U.L.B. (Brussels)
- 1986-1987**
- o Multiple clinical studies on Dupuytren, fingers fractures, burned hands. Comparison between arthrodesis and the synoviectomies in the rheumatoid wrists.
Institut Français de la Main (Paris)
 - o The toes transplants in congenital hands
Institut Français de la Main (Paris)
- 1988**
- o The growing factors of the nerves:
Comparaison in different kinds of anastomosis (sutures, fibrinogen glue)
Study of different neurotrophical factors able to improve the reinnervation:
isanoxine antagonist of the substance p, the capsaïcine
Neurotrophic factor : n.t.f.s
Laboratory of pathologic biochemistry (professor g. Graff), ULB (Brussels)
 - o Study of neurotrophical factors
Dr A Sebille, Hopital St-Antoine (Paris)
- 1988**
- o Thesis : Free Nodes Transfers, Inguinal Flap (University Diploma of Anatomy)
Université Paris Descartes, Centre Universitaire des Saint-Pères
 - o Study of anatomy of the cubital artery: cutaneous, muscular and osseous vascularisation, which is dependent to the cubital artery.
A new paracubital flap.
ULB (Brussels)
- 1988**
- Results for treatments on plexitis post radiotherapy
Results for reconstructions of the chest wall after radiotherapy for tumors
Results for reconstructions of the breast with free flaps modified including nodes
Increased muscle regeneration after repair of divided motor nerve with neurotrophic factors containing glue.
Université Libre de Bruxelles(Brussels)
INSERM (Paris)
- 1986-1990**
- Long terms results of nodes transplantation to treat lymphoedema.results for treatments on plexitis post radiotherapy
Results for reconstructions of the chest wall after radiotherapy for tumors
Results for reconstructions of the breast with free flaps modified including nodes
Results of free nodes transplantations for congenital lymphoedema
Reconstructions of the thoracic wall and lymphoedema
Lymphoedema and plexitis after radiotherapy?"
Université Descartes (Paris)

Work as an Invited Professor

- 2014** Teaching Course on lymphoedema
NYEE Hospital, New York, USA, 11-16 Mar
- 2014** - Breast reconstructions and treatment of lymphoedema with perforator flaps
- Congenital lymphedema treatments
Conference on Lymphatic Surgery, Doha, Qatar, 24-26 February
- 2014** Operations and conferences on lymphoedema
New York Ear and Eye, New York, 4-8 March & 12-15 March
Lymphedema meeting and breast meeting BBM
Round table and conferences: ALNT
- 2013** Live surgery and conference on lymphedema
Congress on Perforators Flaps, NYU, New York, 21-24 November
- 2013** Surgeries for lymphedema and breast reconstruction by free flaps
NYEE, New York, 11 November – 7 December
- 2013** Course and operations
Development of a unit for lymphedema treatment
NYEE, New York, 21 September—5 October
- 2013** Course and operations
Development of a unit for lymphedema treatment
NYEE, New York, 14-30 July
- 2013** Surgeries for lymphedema and breast
Development of a unit for lymphedema treatment
NYEE, New York, 19-29 May
- 2013** Live surgery, teacher and moderator
2013 International Symposium on Surgical Treatment of Lymphedema, Taiwan, 9-13 April
