*For the reservation of the dates for the surgery, you should contact directly the Dr Becker or her secretary by mail.*

*All the instructions will be the forwarded to you.*

*The stay at the hospital is generally very short (2,4 days, depending the cases), but for the physiotherapy after the surgery and post operative care , we would suggest you to stay min 8 days after the surgery before travelling.*

*We hope to be able to help you for your life.*

*Cordially*
